Our Approach

- We identified how potential customers were searching through extensive **keyword research**.
- We designed & implemented an SEO campaign that included **on-page** and **off-page optimization** around their targeted keyword terms.
- We ensured that all name, address, and phone number information was correct, complete and consistent across key sites, including top tier directories such as **Google My Business** and **Bing Local**.
- We developed and distributed **SEO friendly content** on relevant websites.
